## Customer Reviews

A nice addition to my notebook collection. Its layout offers very flexible use and its size is perfect: not too big to lug around, not so small that it doesn't allow expanding on ideas on a single page.

I expected the book to be a little lighter in colour than it is, but it's pretty close to the picture. Also, I expected the pages to be lined for simple journal writing, but there are different lines and little black dots on the pages for tallying or something. I'm trying to just ignore them. Those are more annoying than anything else with the product.
