Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

I wrote a review about Pokémon Adventures, Vol. 1 and explained there some of my reasons for liking this manga. Suffice it to say here that it's far superior to the anime -- which, granted, isn't hard to be -- and that it's very entertaining for those of us who grew up playing the game. Some of my favorite things about Vol. 2: 1. Green. After being introduced to Red, our charismatic hero, and his nemesis Blue in the first installment, we get to know a new important character, the anti-hero Green. She is mischievous and very likable, and add balance to the rivalry between Red and Blue. 2. Team Rocket. I hated Jessie, James & Meowth in the animated series. A lot. Even as a kid I thought their silliness and incompetence got real old, real fast. None of that here, though. Team Rocket is portrayed as a serious enterprise with ranked officials, resources, facilities, etc. Red had already faced some Team Rocket members in Vol. 1 and has to confront some others in this volume, often in life-or-death situations. He manages it and with the help of a defector, he discovers more things

about the evil operation.3. Intensity. This manga is not afraid of upping the suspense, and it's not only for the Pok  mon we fear; it's for Red's safety too. I say safety but maybe the word is survival. His passage through the Safari Zone requires him to think outside the box to get out of a pickle, and sometimes pure luck will save him, like when he's trying to retrieve HM03.Highly recommend it to Pok  mon fans.

Grandson like it!

(Review by the 21 year-old brother of this account user)Frankly, I don't know why they haven't decided to make an Anime based on the Manga! The story is considerably darker, the characters have more personality to them, they stay as close to the original Video Game story as possible, and it's far less repetitive than the Anime. I'm glad that I decided to collect the entire Manga series!

I love getting lost in all the details and fun of these beautifully illustrated Pokemon adventures! Anyone who enjoys the games or tv show will have a wonderful time reading it.

This entry really seals the deal. If you read the first one and then continued on to this one there after. It is good, however, to keep in mind that this series is NOT based on the anime and is it's own unique story. It is based off the games and the minds of the writers alone. The only complaint I have seen about any entry in this series is that it "isn't like the anime". This is not about Ash... There IS no Gary. But if you can accept it as it's own story, you'll love it :]

OMG FINISH THE STORY OR I WILL MURDER UR FACE OFF!' WHY CAN'T THE THIRD BOOK BE AVAILABLE!(If u didn't notice that means that this book has the reader begging for more.) AND IT INCLUDES GARY OAK!Remy Liz, Age 8

Got the Kindle edition of this for myself and my 5 year-old. I love how it reads "backwards" like a genuine manga! We love these stories for bedtime. I enjoy the writing and art and there are some hilarious sound-effects. Fun stuff - will keep reading the series.

This book is more exciting than the last. Meet three legendary Pok  mon with Red and catch all you can in the safari zone without being smashed by Nidoking. This book has allot of action.
