# Ten Must-See Sights: Milan

## Synopsis

Milan is one of the main financial, commercial and industrial centres of Italy. It is not only one of the world's major design and fashion centres but is also the home to the Italian Stock Exchange. Tourism is also important for Milan, and each year it receives over two million visitors. "Ten Must-See Sights: Milan" does exactly what it says on the tin, giving you the background and history on the city's top ten must-see attractions, plus essential information on opening times and location. We don't fill endless pages with hard-to-read maps and difficult-to-download photos; there are ten chapters of text, one on each attraction, all written by our team of experienced travel writers.

## Customer Reviews

This guidebook features ten of Milan's many attractions, ranging from the typical palazzi and museums to the San Siro football stadium and La Scala theater. Each attraction is listed with nicely detailed history, although the text rarely describes many the artistic or architectural features or details. If there were pictures, this would stand out less, but as it is, it's easier to understand why these places are important than to build a mental image of them or understand their beauty as much

as their history. However, because of the historic details, this little guide can complement other resources.
