Robot Workers (Robozones)

Synopsis

Intended for ages 9-12, Robot Workers reveals that, while most of us still do our own chores, that vision of the future is finally becoming a reality in the form of robotic vacuums and lawn mowers. It also shows us what industry has seen the biggest benefit, with robots now being widely used by car manufacturers to weld and paint vehicles, and in warehouses to stack and pack goods. --This text refers to the Library Binding edition.
