## **Customer Reviews**

Tamar Daniel is a designer living in Bala Cynwyd, Pennsylvania. Pantone LLC, is the world-renowned authority on color.

I'm in school for fashion design. I prefer the PANTONE book over the fashionary book. While we learn how to make our own croquis, it's just so much easier using the sketchpad for quick renders. There are multiple poses and sizes, great information in the front. I think it's a must for any inspiring designer

Nice book offering croquis for drawing and gives the standard of color in multiple industries-pantone colors as well. Great resource.

Bigger than expected. About the size of a 13" laptop.

Size of figures is perfect, multiple pictures on a page, nice paper erases clean, holds color, I

purchased several at a time.

I love this notebook! The croquis are so helpful and laid out very nicely. My only complaint is that some markers bleed through the paper, ruining the backside of that page. However, I will definitely be buying this again!

Everything ok! I highly recommend it!

great time saver! when I have an idea for an outfit I don't want to have to stop and sketch a model before I can do the outfit! I just wish there were more front and back views!

Product as described.
