En Bonne Forme

Synopsis

Based on the conviction that a solid knowledge of French grammar is essential, *En bonne forme* introduces each grammar topic by way of one or more excerpts of French or francophone literature. These reading selections (Lectures), at the beginning of each chapter, illustrate the grammar topic. The core of the chapter is the grammar section (Grammaire). It consists of a thorough explanation of each grammar topic with reinforcement exercises after each major step. Supplements de grammaire consist of a selection of idiomatic expressions that appear in the Lecture or are related to the grammar topic. Each item is followed by reinforcement exercises. The fourth major feature, the Synthèse section, contains contextualized activities, communicative activities in pairs and groups and topics for written composition. *En bonne forme* provides ample opportunity to improve all four skills--reading, writing, listening, and especially speaking.

En bonne forme 8/e *En bonne forme* is a fully integrated Intermediate French program, based on the conviction that a solid knowledge of French grammar is essential for solid acquisition of the language. Although the core of each chapter is the grammar section, students are given ample opportunity throughout to improve all four skills--reading, writing, listening, and speaking. All of the grammar explanations and exercise directions are given in French to encourage greater acquisition

of the language. Reading selections, carefully chosen to illustrate the grammar structures presented in each chapter, are immediately reinforced with exercises. STUDENT RESOURCES PRINT:

Great book for learning French. It was just what I was looking for. Literature and culture are included with a strong grammar-based approach.

Does not explain new material well. I had to google and self-teach myself all material. Was required for a college 200-level French course.

Well written but overpriced...

As a longtime learner of French (and other languages) I found this book more useful than many others. While the exercises are useful and the explanation of grammar rules (in French, of course) are well laid out, the excerpts of stories need some improvement. But most likely, if you're considering buying this book it's a requirement for a course, and you don't have much choice in the matter anyways :)

Great

Questions are obtuse and difficult to understand, even if you know French!

It's a great book and a very good deal. Thanks for selling it, it is helpful with learning french.

Great!
