Gemma Louise Timson lives in England with her partner and their French Bulldog Remy. When she isn't working for the Ambulance service she draws and illustrates what she loves best; pets.

What a darling coloring book! I heard of this in a Frenchie fanciers' FB group, and was anxious to get a copy. I am NOT disappointed. The drawings are just adorable, catching the impish character of the breed--from their love of water bottles to their need to be with their people all the time. I'm really looking forward to coloring the pages. Anyone who loves Frenchies, or any dog for that matter, would enjoy this book. The pages are of good, heavyweight stock, with one illustration per page (not like the cheaply made coloring books with both sides of the page printed). This is Volume 1. I'll be on the lookout for Volume 2!

I purchased this book I was disappointed in that most of the pictures are very simple not really very adult in nature this book would be great for an older child. However the thing that I was most upset about was the fact that there is no way to get the pages out of the book to lay them flat in order to color them - other than ripping them out which I did and I lost portions of the picture because the pages did not tear cleanly. If this was improved upon then I would have given this purchase more stars.

She really captured the spirit of Frenchies and their facial expressions. There were some Halloween pictures which were so cute!!

very cute :)

Fabulous

lots of fun and cute

Fun for the family!

Purchased as a gift. Pictures were great but I was a little surprised/let down by the size of the book. Standard letter size 8 x 11 I believe. Thought it would have been a little larger so finished pics could be framed or displayed.
