Grace For The Moment: 365 Devotions For Kids

Synopsis

Give Your Child the Gift of God's Grace Every Day. A Grace is: God's best idea . . . More than we deserve | And greater than we imagine. But how can you plant this important message of grace into the heart of your child? Adapted from the bestselling devotional for adults (with more than 3 million copies sold), *Grace for the Moment: 365 Devotions for Kids* presents the message of God's grace in a way that children can understand. It's perfect for families to read together or for older readers to enjoy alone. Each day offers a devotion and scripture to encourage regular time with God. And because giving grace is just as important as receiving it, a "Growing in Grace" opportunity accompanies each devotion, offering practical and easy-to-do activities to help kids apply God's grace every day and every moment. Meets national education standards.

This has been a great devotional to read with my five year old. The only down side is there are no pictures. I would like to see some pictures in the book to keep a young child more interested.

Overall the content of the book is spot on and not too long to bore a child. Love this daily devotional for a five year old!

I love it.. my eldest reads it everyday.. great inspiration for young minds. Thumbs up all the way!

Great book for short, to-the-point devotions for the whole family. Our kids, ages 8 and 11, are able to grasp the concepts quickly and easily. I love the included ribbon bookmark to help keep track of where you are each day! Each page offers a Bible passage, a paragraph or two explaining the scripture in real-world examples and words, then a few discussion questions. I do wish the devotions were just a little bit more in-depth, since sometimes it feels like the devotion is over before the kids have even had a chance to grasp what it's about. But the discussions are thoughtful and appropriate for kids, and it has inspired some GREAT discussions over the dinner table! Serves as a perfect jumping-off point for daily conversations about Biblical principles. Would recommend this as a great daily devotional book for a busy family.

Was exactly what I was looking for. My 10yr old son saw that I was reading my devotional every morning on the front porch with coffee and wanted to join me. This was an excellent choice for him.

Interactive study with daily scripture and an activity to apply or do at the end, in order to solidify the day's teaching! I've been doing this devotional with my "recently-turned-6-year-old" since Fall 2014 and we're half-way through it. Each lesson is easy for her to understand, and she often applied the activities with classmates each day.

This is a fantastic devotion book for the family. It now sits on our dining room table and the kids ask to read it at almost every meal. Each page is a devotion for a calendar day in the year. They are short and concise, which is great for kids (and others...lets me honest here). The last paragraph also has a practical application for each day, which is sometimes a bit intensive for our young family but good nonetheless. Our oldest child is only 3 years old, and these devotions are meant for older kids, but it is not hard to adjust the wording or make it a bit more relevant to a 3 year old's life. We'll throw in examples from the day or her brother's name when it talks about being called to forgive (shameless parenting plug). The topics of each devotion are not just the simple dealings, but get into real life, and sometimes difficult, questions for kids to wrestle with. I would guess that we will be using this devotion book for years and years to come. I highly recommend it for families, especially

to develop good meal conversation.

While I really like the idea of this book, I think the recommended age range is far too young. I just got this for my daughter who is 6 1/2, and I feel it is "too old" for her. With some discussion, I'm sure she could grasp the concepts, but I'm not sure I want her to grasp all these concepts yet. Not everything in the Bible is "kid friendly." With a different cover design, this book could easily work for upper elementary and middle school students.

We read this with our kids (between ages of 6-15) each morning while they eat their breakfast. For the most part the youngest understands but there are some times that I find myself rewording or explaining the content which is totally fine by me! It isn't too short or too long and seems to be the perfect start to their day!
