Scion Of Raizel (The Divine Elements Book 3)

Synopsis

Official Website: <http://www.worldoftde.com> After finding out that members of the Raizel clan were still alive, Calron sets out on a new journey to search for his family and finally learn the secrets of his birth and who he is. Reuniting with old friends and new, Calron builds himself a home in the new city of Selior. With a mysterious secret that he inherited from his Master, the young man establishes his influence amongst the Nobles and merchants. A secret that people will kill him and his friends for. This is the start of where Calron becomes a true member of the Raizel clan.

Customer Reviews

I have been waiting for this for a loooong time. You are going to love it. Do not wait, you are going to love it

Tons of action, powerful opponents, and a quickly rising star. It's clear the author has great plans for the main character. The magic system is unique but complicated, and sometimes far-fetched but

mostly believable. The only thing annoying me is how characters are titled (big brother, little sister, etc.) and the childishness of the second main character who is also very strong. Grammatical errors abound but don't really detract from the story much. Overall, I would get the next book just to see how caldron evolves.

The story takes off with the MC in the forest traveling to a city with the answers to the questions of his heart and life. Will he find his friends or will he exact revenge on the wrongs of the past? I found that this story was even better than the previous books. It followed up on the previous questions you might have had and added in a more variety of gods and fighters. The way he wrote this book left you more excited for the next especially with the new abilities and the question of why he has these abilities. The only draw back is the semi bad grammar that pops up throughout the entire book. Mostly it was double words, ex: "what would would happen".

Full of action, intrigue, plot twists, growth and future potential, a great read, a real page-turner worthy of the series.

It was totally worth waiting on this title to come out. Hope the next one doesn't take as long. So looking forward to it.

Thank you for another great read. Can't wait to see what happens next. I enjoyed the breakthroughs in the characters. I did hope that he would have more breakthroughs (though he did get much stronger). Want to see what happens when he goes further up the steps of blood. Thanks again

I really liked this book can't wait to see where the next book takes the story I will definitely read the next book

The book can be enjoyable but the spelling and grammar errors never miss a page. Also, the writer has a decent plotline but he gives the main character main divine powers than he can handle and it seems a bit overwhelming.
