The Book Of The Law And The Book Of Lies (Dover Occult)

Synopsis

This single-volume edition unites two centerpieces of twentieth-century occult thinking by "the wickedest man in the world." Notorious mystic and esoterist Aleister Crowley (1875–1947) remains a towering figure among occultists. His long and noteworthy career encompassed countless writings and the creation of his own religion, Thelema, the chief precept of which was "Do what thou wilt." Crowley asserted that the content of *The Book of the Law* was dictated to him from the spirit world, and the 1909 publication formed the basis for Thelema. The volume's 1912 successor, *The Book of Lies*, features aphorisms and paradoxes that invoke the symbolism of Freemasonry and other traditions. *The Book of the Law* and *The Book of Lies* continue to rank among Crowley's most widely read writings. Both books have exercised a vast influence on popular culture and the practice of magic, offering fascinating glimpses into the author's mystic pursuits.

Book Information

Series: Dover Occult

Customer Reviews

For the first time the *Book of the Law* is offered in a deluxe, hardcover edition fittingly issued in celebration of the 100th anniversary of Liber AL vel Legis's transmission to Crowley. --This text refers to an out of print or unavailable edition of this title.

Denounced by the press as "the wickedest man in the world," Aleister Crowley (1875–1947) was a towering figure among 20th-century occultists. His long and notable

career encompassed countless writings and the creation of his own religion, Thelema, the chief precept of which was "Do what thou wilt." Satanist, pansexual, and cult figure, Crowley exercised a powerful influence over pop culture and remains widely read.

I read "The Eye in the Triangle" first and don't know how I would have fared reading this first. Nevertheless, my favourite book to quote from and live by. The language is so powerful that it has become part of my being. I have four copies in this format and about 10 in the other books it has appeared in..

This is one of many books that I had in my lost library. It is a foundation for All Crowley's writings. He refers to it over and over again in different writings. There are deep hidden meanings and significances to this book that seemingly seem "cruel and insensitive."

Interesting if not complex and convoluted.

What can I say? This book is cryptic, and so it's not a read for all, but it is a good read for some. It's a puzzle, and a prophesy. I happen to be in the East from the west but of neither on an island with a scarlet woman...

93 93 / 93

Beautiful version of Crowley's (in)famous The Book of the Law. If you do not own a copy, or have a crappily printed copy, I would definitely recommend picking up this hardcover.

When I finished the book on the same day I saw a dream where I was reading satanic texts and someone was teaching me.

Good book everyone should read if interested in spell crafting or mirror magic. Or any magick. Can be dangerous but worth it
