Customer Reviews

Everything I need in a ob/gyn/infertility handbook. It's very small...pocket size. Perfect.

Have tried to use this, but the print is too small or too light to be practical even sitting at a desk in good light. Confirmed with coworkers, so I cannot have the value for what in the past has been an excellent publication (over 20 years experience with the product).

Excellent! Concise, pocket-size. Absolutely the best reference that I keep returning to as a WHNP.

excelente easy compete

Awesome pocket resource to have. Was very helpful on my OBGYN rotation

Great pocket resource.

Great review of Ob GYN. Easy to read and so nice to have so much information in one place.

I don't know who can read this..the print is microscopic. I'm so bummed..
