Customer Reviews

I played the clarinet through high school and just recently decided to pick it up for fun and play some easy tunes here and there. It's been over 10 years so while I'm not completely starting from the beginning, my technique has definitely faded. However, these are very very easy one page songs in simple to follow keys. Definitely good if you're learning to play for the first time. I played through the whole book in under 15 minutes.

I got this for my sister she likes it

Loved it

Nice selection of classical songs. Very easy for the beginning clarinetist. Includes a playing guide which is somewhat helpful.

Love, Love, Love this book! I love the harmonies between the piano and clarinet, I love that both parts are relatively easy to sight read!

This book is simple to understand. It has the music pieces I like and it is easy to read

Excellent for beginners!!

I am an intermediate player and find these to be fun. They capture the songs without being too complex or too simplistic.
