With this 8-page booklet, young readers can learn fun facts about United States presidents as they fill in background scenes with more than 60 reusable stickers. All 43 presidents are represented in miniature photo or portrait reproductions. In addition, stickers of the presidential seal, campaign posters, pins, and pendants, and American flags can be removed and placed in the scenes, which include the Oval Office of the White House, Mount Rushmore's presidential carvings, and Air Force One. Side boxes on several of the pages offer interesting tidbits about the nation's commanders: Grover Cleveland, for example, was the first president to have a child born in the White House. This event inspired a candy bar named after his daughter: Baby Ruth. Children won't come away from this booklet with a comprehensive knowledge of the presidents, but it will be an entertaining

introduction to some of the most powerful men in history. Ready for more Ultimate Sticker Books? Check out Cowboy, Night Sky, Dinosaur, and lots more. (Ages 4 to 7) --Emilie Coulter --This text refers to an alternate Paperback edition.

My grandson enjoyed the book very much. The only problem, though he reads proficiently, he preferred to stick the stickers elsewhere but in the book!!! He said he wanted to look at his favorite presidents directly on the wall and not waste time opening the book!!!. Great book.

A must have presidential find. Pictures all presidents heads the size of quarter stickers Plus bonus full body stickers Great price High quality images Fun bonus pages

Good quality stickers, can be repositioned without problem. But there are not enough spaces on the portrait gallery pages for all the portrait style stickers. My kids found that a little annoying. Would also be nice if there was a way to keep the names attached to the stickers, especially for the portrait gallery section.

Both my son and daughter, ages 8 and 10, were thrilled to received this sticker book after visiting The Ronald Reagan Presidential Library and Museum. There are more stickers than places to place them in the book itself which is fine. The book is thin and only has 11 pages of scenes and stickers.

It is a nice item. The problem is that when you remove the stickers the name is no longer attached. If you then stick the face into the gallery there is also no mention of the name. The book should be redone so that when you put the sticker in the book it is associated with the presidents name.

Used the sticker book with my 5 year old grandson. Inconsistent sizes of stickers caused some problems for the project we were working on.

I am not pleased with this purchase. This book has only 2 pages to put stickers on. It is more like a sticker insert than a sticker book.

Love it perfect for every day or for a homeschooling "fun" activity.
