The Herpes Cure: Obliterate The World's Most Annoying And Exaggerated Virus And Finally Cure Herpes (Second Edition, Developed Life Health And Wellness ... Herpes Prevention, Herpes Cure) Book 1)

Synopsis

The Herpes Cure: Learn How to Finally Cure Herpes With This Simple Program Available now on your web browser, you DON'T need a Kindle to view it. Get it while the price is still super low. Thanks for stopping by the second edition of The Herpes Cure. My name is C.K. Thomson, and my passions include social change, alternative health, wellness and better lifestyles for everybody. Unfortunately, herpes is now a major stigma in many of our lives. This common, simple illness is exaggerated to become the leprosy of the 21st century! In truth, catching herpes is NOT the end of the world. We've all seen terrifying medical photos of severe herpes outbreaks, and this doesn't have to happen to you. And, if you are experiencing such bad symptoms, there's a way to quickly stop it using this effective strategy to cure herpes. This Book Contains a 7-Step Process We Consider the Most Effective Herpes Cure on the Market, You Can Stop Herpes in its Tracks! In this book, it's time to learn about a specific lifestyle plan you can implement immediately that will not only cure herpes by eliminating the constant cycle of flare-ups, but this healthy new approach will increase your immune system and help you stop future diseases in their tracks. Here are some of the results you can experience through this program: End reoccurring herpes flare-ups. This herpes prevention approach will also assist in many other areas of your life. You will become educated about the nature of the disease and learn to relax as herpes doesn't have to be a big deal. Learn about what specific cocktails of supplements will enhance your immune system, cellular integrity and naturally combat viruses. > If you have the discipline to follow the program, you will become healthier and less prone to illnesses of various sort in the future. You will learn resources to combat herpes stigmas; most of which are wildly inaccurate. If You're Wondering What's Inside, Here's a Preview of Some of What You'll Discover: Understanding the Herpes Virus Exposing of Various Herpes Myths A Look at How Pharmaceutical Companies Exploit Herpes Fears and Stigmas An Analysis of Current Herpes Medications and Their Side Effects A Look at Both Over the Counter and Natural Topical Remedies to Treat Herpes How to Create a Herpes Diet to Stop the Virus in Its Tracks The 7 Step Herpes Cure Strategy The Supplements to Prevent Herpes Outbreaks An Analysis of the Stigma that Surrounds the Herpes Virus How to Properly Tell Your Spouse / Partner About the Herpes Virus And a Lot More! Download a Copy Today Just click "Buy" and a copy of "The Herpes Cure" will be yours forever. Don't worry, this book is always super affordable (just few bucks!)

Customer Reviews

This one is difficult to review since it has a stranger mix of good and bad than most of its relatives. On the one hand trying to dispel erroneous ideas regarding herpes simplex 1 and 2 is good (except at one point the author spreads the idea that herpes is easily passed via toilet seats) the author also makes strange and inaccurate claims. Attributing stigma for herpes as profit driven demonstrates a complete lack of understanding towards the historical trend of std/venereal stigmas or concepts of moral hygiene, public health, and sexual revolutions. It's mixed messages about telling, or not telling, one's sexual partner(s) about having herpes is also on the irresponsible side.

I am deducting a star from this review simply because the title is misleading. This book does NOT explain how to cure herpes - as is stated within the book, herpes cannot be cured. Rather, this book provides tips on how to live with HSV-I or HSV-II. At 38 pages, it is a quick read and well-worth the \$3 if you are suffering from HSV-1 (cold sores) or HSV-II (genital herpes). Truth be told, you can find all of this information for free online, but time is money, and you can definitely save some time

by reading it all in one compact place. Note that I cannot attest to whether the information included in this book is effective for managing herpes or not, as I do not have any form of herpes. I downloaded this book on a free promotion and because I was curious. The information included in this book does, however, provide solid advice on how to improve the immune system and how to tell your partner of your disease. Included in this book:> Ch 1 - Understanding Herpes: What is herpes and why is it a problem?> Ch 2 - Mainstream Solutions to Herpes: Common drugs used to treat herpes and their side effects.> Ch 3 - The 7-Step Herpes Cure: Not a cure, but rather some tips on how to keep your immune system in top shape, thus avoid flare-ups.> Ch 4 - Dealing With the Herpes Stigma: Whether you should and how to tell your partner.> Ch 5 - Closing Chapter: About the author.

Yes this met my expectations. This is a learning experience for me as I help others learn alternative healing methods

Great book

Very good formation about what kind of vitamins we need to take what food have dose vitamins . No stress at all

Very Informative

This book is great for anyone with HSP 1 or 2. It gives helpful health advice on managing symptoms and with the emotional toll it may have on some. I'm sure you can find the info on line but here it is in an easy to understand book. Recommend this book.
