Lighthouses Of The Pacific Coast: Your Guide To The Lighthouses Of California, Oregon, And Washington (Pictorial Discovery Guides)

Synopsis

Stunning photography captures the beauty of the classic lighthouses of the U.S. Pacific coast in this book for lighthouse fans and residents of the region. The fascinating development of this region's lighthouses is explored, with special attention paid to its technological evolution. The book looks at the actual lights and lenses, the architecture of the lighthouses, the lives of the Lighthouse Service keepers, and today's movement to preserve and restore the lights.

Customer Reviews

Randy Leffingwell wrote his first book, American Muscle, in 1989 while still on staff at the Los Angeles Times. Since then, he has authored another 47 titles for Motorbooks and its sister publisher Voyageur Press covering subjects from sports cars to motorcycles to farm tractors. Leffingwell is considered one of the top Porsche historians working today, and he enjoys a close working relationship with Porsche AG. His Porsche titles includeÃ Â Porsche 911 50 Years, The Complete Book of Porsche 911, and Porsche Turbo. He lives in Santa Barbara, California.

not quite the book I was looking for. but, a great book for a coffee table if you like lighthouses !!

This was a very good book.I got it for a gift, but decided to read it first.We had just visited the Oregon Lighthouses.One thing I found, that the author didn't do, was as he was writing up the

stories he didn't say where each Lighthouse was located.(on most) But in the back of the book he has all the locations and information etc.It would have been nice to have the locations listed with the Lighthouse names under the photos or at the start of each one he was writing about.It also would have been nice to have them categorized by state.All in all it was good information and great photos.

Very informative and helpful before our trip to Oregon. I recommend this book if you love lighthouses! This book not only gives informative information but it lets you know how to get there and where the light houses are located. I recommend this book.

I was hoping it gave the background on each one instead it gave a history of lighthouses in general and the life people had on them. It has a lot of information so if this is what you are looking for then this book is for you.

If you every wanted a book on lighthouses of the Pacific this is a very good one. The pictures and information about each one was great. Should really be a hard bound book it is that nice. Very useful when planning a trip to visit the lighthouses of the west. Good buy for the money.

Shipped in time for Christmas and is just what i had expected. This item has sparked my wife's interest to visiting the west coast.

Only one small tear in cover front. Otherwise in great shape!

This book is great. Not only is it a nice "coffee table" book with fabulous pictures throughout, it served as a handy guide for us as we drove down the coast. The book provides driving directions to all the lighthouses. It was very handy.
