Customer Reviews

thought this was a book with some depth about the journey to resettlement, since I am volunteering to help refugees, instead it was a pamphlet like.

This was an excellent explanation of the current crisis in Syria for my third grader. The only thing I wish was different was if the book had dedicated a little more space to Syria's history and culture prior to the conflict.

best service, patient. best product fast . It is a great product. Fits into our product block. he love it,
