Customer Reviews

my best friend need it , just fine. satisfied. it is recommend. very sharp and nice feel in your hand. A nice company to deal with .Hope my product and I get many happy years together .Would for sure buy another product from them.

We recently went on vacation and I bought this book to keep my 6-year old busy. He enjoys shrek and I thought it had a lot of fun things to do. The trip took 5 hours each way and we played different activites the entire time both ways. I bought a few things just*in*case but was so surprised not to need them! There is something for everyone in this book, even the young ones as my 3-year old was able to play some of the games with us.
