Training Your Guinea Pig (Training Your Pet Series)

Synopsis

Barron's Training Your Pet books are for inexperienced pet owners who seek detailed advice on how to get started in keeping and training caged pets. These books describe and illustrate the correct housing and equipment, and advise on getting all members of the household acquainted with the newly acquired pet. Guinea pigs are docile, easy to care for, and are capable of learning tricks. This book advises on keeping healthy and contented guinea pigs, and suggests activities that will amuse both the pets and their owners. Color photos on most pages.

Customer Reviews

I have to guinea pigs and this book has been very informative about their body language and noises they make. We had always wondered what they were up to when doing certain things and now we have a better understanding of their likes/dislikes. Very good for someone who wants to understand their pets behavior.

This book is ok if you do not know anything about caviies. Otherwise, you can find the same information on the internet which this books refers to quite a bit.

I can't count how many times this book and I quote says" you'll need to do your own research" I thought by purchasing this book would have a more detailed food does and do not among other topics. Honestly I could have saved my \$ and got the information on the web. I on the other hand

gave it 3 stars because it does review good training techniques.

"Training Your Pet Guinea Pig" was one of a few guinea pig reference books available in kindle form. Since my husband wanted to train our new pet guinea pigs, I purchased it with hopes that it would guide us in the right direction. Unfortunately the title is misleading, and the book was mostly about the basics of preparing for, adopting, and raising guinea pigs. As someone who had guinea pigs growing up, and knew of the amazing resources of [...] , I was incredibly disappointed. You're better just using the online community at[...] instead of purchasing this book.

Very informational!

this book surprised me at how really great it is on not only general info for our piggies; but, how to work with them and teach them little tricks and such!! love this book!!

Very good This book is very informative and a great way to choose a piggie (piggies) of your own great way to learn training and knowing what to feed your guinea pigs every day

I have a guinea pig and he know how to come by his name from this book I also like this book because now I know what he is allowed to eat and not eat
