My 4 year old grandson is in love with space. These round pieces are large and sturdy and the photos are beautiful.

The pictures are beautiful and all outer space related, planets, galaxies, space station, hubble telescope , etc.

My son has autism and is currently into all things space, so this was a big hit for him! The pieces are high quality, with great pictures.

7 year old and 5 year old love playing. great images and great quality.

Excellent quality and imagery coupled with familiar game play.
