This volume was the best one yet. I really liked it. I was just so sad when I found out it was the last of the series. I recommend this book for girls who are looking for romance, and for guys who are also looking for romance.

I love this book and would like to read more of this story and I would love it. It is so cool

It is Roman it ant I love it I wish I could read more I hop they make more I hop they do

I loved the story and their love. A little bit sad because the series ended with our imagination but nothing further. I wanted them to go all the way and to face the challenges of college life.

The story is ok. The art is bit of confusion of the characters. Looks like pencils draw, and some characters looks similar.

Loved this book the way he gained her love and In the end she also fell in love with him.
