good

Not brlivable. Woulgd not recommend to u dfr0iends or family hard to follow.0pure bull wouldn't recommend cancel cancel vancelcancel stop stop

I enjoyed this Historical Romance with a little mystery. I voluntarily chose to review this and I've given this a 4.5\* rating. I read this in one evening and the mysteries continue. This is the second story in the Mail Order Bride Murder Mystery set and I'm ready for the next one. A different mystery presents itself in this one even though it's near where the 1st mystery came up. And you hear some of the same characters from the first. There are some strange things happening here.

My favorite author has done it again. Loved the book. I highly recommend and cannot wait for the next book in this series.

Another great story by this talented author. I have enjoyed reading her other stories and I look forward to more.

The story was a very entertaining and exciting, the father has done a great job of putting the characters in the adventures of the romance of the mail order brides life.

I do not like samples because I usually cannot buy the book. The sample is wonderful but I never get to read the entire bookSonja Stover Bracey

This was entertaining as the characters were living in unexpected ways after the Bride arrived in the town where they were married. They were having a hard time getting to know each other as he was working so much on the farm after his family just walked away not letting him know how or where they were. A must read for those who enjoy historical western romance kindle books from at a special price and from special authors who keep me wondering what next for the characters.
