Customer Reviews

Our family loves this hardback 120 page collection of Glacier National Park beautiful color photographs. The well labeled images were very helpful to us in planning our vacation to Glacier last summer, and a lovely reminder of our travels. These photographs by Chuck Haney and John Reddy are truly outstanding in clarity and artistic presentation.

I bought this for my husband, as of yet I have not been able to convince him to go to Glacier National Park

The Book Glacier Wild and Beautiful is full of some of the best photos of a park that's one of America's gems. Chuck Haney and John Reddy two of the Country's top photographers have captured great shots of a park that has many beautiful areas to see. I had a chance to talk to Chuck on a Saturday not long ago about Glacier park and Montana and know it takes work and dedication to get such fantastic photos. After looking at the book I plan to see Glacier National Park in Montana.

Five stars on this book full of photos with descriptions on where they were taken.
