Although I haven't quite finished this WPA Guide, it is quite a good source of factual information on the State of S.C. in 1938. It does not "sugar coat" the attitudes of the day and "practices" being applied to everyday living for all that lived in the State. A lot has changed and progressed, but some things did not change. Each reader will have to see the State as it is today to compare.

Excellent book on Americana, traveling, and history. Highly recommend the "Tour" section.

Very interesting historical look at SC in the 1930's.

Excellent condition and quick service!! Thanks for a quick delivery. I am loving my gift to myself that allows me to indulge in my favorite past time== reading, that adds to my library at home at such a cheap price compared to library overdue fines or expensive commercial book store prices!
