The Dark Colony segment weaves a complex web of vampires throughout New England. It could've been called New England By Night. Alien Hunger is a good starting point for new players, and Storytellers. It was an alternative to the Chicago / Gary sourcebooks.

This book offers an insight into the life of vampires and other creatures of the night in cities around the world. The book focuses on the larger cities like L.A., Berlin and of course, New York. A wonderful source for learning about the people, societies and groups behind the darkness in these cities. This sourcebook is very well written and is a pleasure to read. This is a must have for urban-based scenarios.
