Anarchy Found: Alpha Lincoln: Anarchy Series, Book 1

Synopsis

Everyone needs a hero. That's what Detective Molly Masters tells me. "What we need," she says, "what the whole world needs," she pleads, "is a champion." The only thing I want to talk about with Molly Masters is how I'd like to make her scream my name when I push her up against a wall, slide my hand up her thigh, and live out my wildest fantasies. "Someone who will fight against injustice," she says. I'll fight against anything you want, honey. Just come a little closer. "Someone who will stand tall in the face of adversity," she says. I'll do it standing, sitting, or lying down. See how easy I am? "Someone who believes in the value of a good deed," she says. I believe in the value of me, sweetheart. Because I'm Lincoln Wade. Jaded genius, obscenely wealthy, capable of violence, and looking for revenge. Molly Masters might have delusions of grandeur. She might see me as some superman capable of cleaning up the scum, filth, and corruption in Cathedral City. But I'm not the hero she's looking for. I'm the dark alley where all her good intentions hide. So be careful what you wish for, Molly Masters. Because you're about to get it.

Book Information

Audible Audio Edition

ASIN: B074MJ24XM

Best Sellers Rank: #22 in Books > Audible Audiobooks > Romance > Suspense #122

in Books > Romance > Science Fiction #454 in Books > Romance > Romantic Suspense

Customer Reviews

JA Huss does it again. Bringing us a romance that is unlike any other out there. Iron Man meets erotica. Anarchy Found brings us the first book in this series, the story of Lincoln and Molly. And just like every other book Julie writes, nothing is as it seems. Lincoln Wade is obscenely rich. And downright sex on a stick. When his bike crashes and a little spitfire comes to his rescue, he is gone. Obsessed. Molly Masters has caught his eye and even though he knows she can destroy him, that she is everything he should not want, he can't help but take. He is an Alpha after

all. Molly Masters is a new detective in the Cathedral City, assigned to a case of mysterious suicides taking place at Blue Corp. But something isn't adding up. There has to be reasons why all these people working on this top secret project keep turning up dead. This book came alive as I devoured it. Each action sequence played out like the biggest action blockbuster in my head. But don't fear, if action is not your deal this book is still a romance.

It's just like nothing you've experienced before. I loved Lincoln. I loved that he is such an anti-hero. That he might do some good, but those deeds are done in the most illegal of ways. Selfish. Not to better the world, but for vengeance. I love that he was out of control. Molly was yet another breath of fresh air when it comes to book heroines. Strong and fierce. This story just had so much in it. But as much as Julie reveals to us in the start of this story, I have no doubt it is nothing compared to the full journey she is going to take us on. And her crazy cast of characters! Meet the new team in town! I am not sure which one I will lust over more, but I'm picturing a scene straight out of Sodom and Gomorrah, well more so Sodom than Gomorrah. Anarchy Found is a thrilling ride of erotic moments wrapped up in an action packed sequence of events. Romance has just been given a makeover and it is f-ing brilliant.

I was really looking forward to this book. Bought it as a 1 click on pre-order and everything. Have read many of her previous books which have grabbed me by the throat from page 1. But I gotta say - this just didn't do it for me. Not by a long shot. I felt the plot, while confusing, kept jumping all over the place. I did not feel the relationship between Molly and Lincoln was nearly as developed as it could be. So I did not feel as invested in them as a couple. He was quite charismatic and complex, but she left me a bit flat. The sex was steamy hot, but there were loooooong stretches that just abandoned their relationship. Maybe I'm not a science fiction type. JS Huss writes great compelling books and I will continue to follow her. This one just wasn't for me.

4.5 STARS J.A. Huss has done it again! She has delivered a new series that I'm now addicted to! She has put a fresh spin to those superhero stories and movies that I loved whilst growing up, and in true Huss style, she has made it her own! Anarchy Found was the perfect beginning to the series, the world and character building was exceptional and the plot was addictive. But what I love most is the cover art and the way it is used to tell aspects of the story (see teaser below the review!). Detective Molly Masters has had a rough time lately. She has lost so much and has decided a change to her career will help. Landing in Cathedral City is supposed to be a fresh start for her. When she's on her way to sell her brother's

bike, she meets Bike Boy, an arrogant and infuriating guy that pushes her buttons the wrong way. Watching them interact was amusing and I loved how you could see Bike Boy was constantly thinking and trying to work it to his favour. Lincoln Wade was the alpha I expected him to be; cold, dominant, and broody. He has spent most of his life in the shadows and I slowly learnt about his past, his regrets and the plans he has set for the future. I liked seeing his connection with Molly grow, knowing that there is more there than what meets the eye. He's quite reserved, hiding his emotions, but what he feels for Molly goes quite deep. Anarchy Found has set the foundation for the rest of the series. I learned a lot about the world and all of the characters. There were a few side characters introduced that are essential to the series arc. I enjoyed each twist introduced, which opened my eyes to how much time and detail that has gone into what Lincoln is trying to achieve. There was plenty of action, constant plotting and intense sex scenes. Being a superhero read, you are waiting for the villain to make an appearance and he was mean and in it for himself. I loved how each twist was revealed and I felt like I was in a constant state of shock, with my mouth hanging open. It was a fantastic read, and now I'm dying for more!
