Filthy Witch And Dead Famous (Hattie Jenkins & The Infiniti Chronicles Book 1)

Synopsis

Bringing 'Crazy Cat Lady' to a whole new level. Hattie Jenkins is busy. Busy running her apothecary, busy denying her magical inheritance, and busy trying to find a way she can take a pee without a furry witness present. The reluctant witch has had success with the first two. But, when Hattie and her cats stumble upon the body of famous actress, Nebula Dreddock, the herbalist's mundane life is brought to an abrupt end. Unable to resist the thrill of a mystery, Hattie falls headfirst into a muddled case of necromancy, madness, and unrequited love.Â But, she isn't prepared for the dark, magical elements that slither into the investigation.Â Because it was exactly that kind of sorcery that had once torn Hattie's life and heart to shreds. With the gentle support of her kitties, Hattie must make a painful decision.Â Will she keep her back turned on her witch-legacy?Â Or will she embrace her inner sorceress, unravel the clues, and bring Nebula's murderer to justice?Â Heartwarming wit meets creepy backdrafts in this paranormal cozy comedy. This is book one of the series. Customer Reviews

This book debuts a witch named Hattie Jenkins and her immortal 8 cats (The Infinities). They live in a magical herbal/ potion shop that Hattie inherited from a grandmother who raised her after the death of her parents. Life as a witch is never ordinary, but Hattie spices it up by assisting the Chief Para Investigator in solving a murder. With the help of her cats, Hattie uses what her grandmother had taught her on herbs, spices and magic potions to help find the killer. If you are looking for a fun, short and easy superficial read, this book will entertain. It contains quirky personalities that may bring about a slight chuckle, a little romance that leaves room in future books to develop, and not quite tears but some warmth to the heart. This book is more of a comical cartoon due to its lightheartedness than paranormal suspense mentioned in other summaries.

A cozy mystery with a twist. Delightful, funny, quirky and heartwarming all at once! The story line is well plotted and the characters range from nasty to intriguing. A dab of romance promises more to come. I will most definitely be reading more from Pearl Goodfellow

I really like Hattie, her shop, cats, friends and excitement. The character development is well written and the story sails as long smoothly. I love this kind of light reading because it's fun and relaxing. I will definitely be reading more of this author. Well done Pearl Goodfellow!

I had certain expectations when I started reading this book, and since it was totally different I suppose I am not being totally fair with the 3 stars; it should probably be 3.5, and a younger reader might go higher. Entertaining, but it could be so much better with a good editor. The grammatical errors and just miswritten sentences really took me out of it. That said, the story was a good mystery and I only figured out who done it right before the reveal which is always good. When a book is free I am quite willing to stop and delete, but I read this one and didn't skim. So I did like it that well.

I loved this book from the moment I began reading. The characters are well thought out and written about. I will admit I never expected the ending which was great. I can't wait to read more.

I got this book for free. I like light witch cozies and this one lived up to that description very well. As soon as I finished it, I went looking for the next book in the series. I don't often follow series that closely, but this one was a "just had to follow". The main witch and her Infiniti of cats made a perfect cast for the book. Read this one and I'll bet you'll be hooked!

Herbalist shop keeper and witch Hattie Jenkins works on a murder case with Chief of Police David Trew. She wouldn't mind a bit closer friendship.

Great mystery, keeps you guessing. Light and entertaining. Not the ending, I expected but kept my attention the whole time.
