My kids love it because it's Paw Patrol.... me... meh, not so much. I don't look forward to reading it when the kids bring it up. Not a bad book, just that there's so many other great books to add to a home library. Someone who didn't already know or love Paw Patrol probably wouldn't read it more than once.

Great substitution for a Birthday card! My niece and nephew LOVED the book, glad to give them something that they can put to use. And it cost me less than a card.

The stickers in my book are no longer very sticky, and a handful of them escaped on the ship here. This will be a perfect gift for my flower girl, and I am excited to give it to her nonetheless.

This is an awesome book for my lil man's (son) birthday . I read it to him the night of his birthday. He is 2 so right now he loves scrolling thru the book and looking at his favorite cartoon characters.

I had gotten this for my neices 3rd birthday and even though their dog ate half of it by night time she loved the book. i was once a golden book girl growing up so it is nice to see they are still creating more recent for the kids in today's life time. Highly recommended for both kids and maybe a good treat for those dogs that love to chew!

Very happy grandson and mother! He's 3 it's his favorite character!

Cute book, purchased as a gift for my grandson who loves Paw Patrol

I bought this for our nephew's 1st birthday party and it goes extremely well the theme of Paw Patrol. The mother of nephew is beyond happy that I got this for him.
