Customer Reviews

Jerry Conrad holds the position of Archivist for the Chris-Craft Collection of the Research Library and Archives at The Mariners' Museum in Newport News, Virginia. With the Museum since 1997, Conrad holds degrees from the State University of New York at Stonybrook in both history and marine science.

THE Chris Craft spec book.

The greatest Chris Craft reference book ever published, if CC made it, you will find it in this book!

Very nice condition!

Best and only collection of historical Chris Craft boats. Unfortunately, the Chris Craft boats produced in Italy are missing.

I bought a 1963 Chris Craft Corsair and wanted to find what model the boat was. This book had my boat and also the over 700 other models produced from the beginning to the late 1970's. I was very impressed with the detail of each listing, including how many hulls built and a photo of each model. This work is a detailed and almost astounding reference work for Chris Craft and antique boat enthusiasts and will not disappoint.

Book was OK for a reference type for the early years of Chris Craft. Just pictures and data on each boat. No details or informative stories on anything. But it is very interesting and can settle a lot of discussions.

Very well written book with lots of pictures and information. A "good place to start" type book. I recommend.

I was hoping there would have been some color pictures to go along with text. My husband was looking for more detail on certain things but it didn't have any.
