The Twelfth Insight: The Hour Of Decision

Synopsis

On December 21, 2012, the Mayan calendar will end. Many see it as an apocalyptic sign. But is it? In *The Twelfth Insight*, the long-awaited fourth audio book in the beloved *Celestine Series*, we again follow our Hero and his close friend Wil. They have just received a portion of another ancient and mysterious manuscript that describes a secret approach to spirituality that is silently arriving in the second decade of the 21st Century. But the manuscript is only available in fragments. To understand its full meaning for mankind, our Hero and Wil begin an urgent search to find the message in its entirety. As they embrace the power of Synchronicity and begin their search, they are confronted by powerful political forces and religious extremists that stand in the way of these spiritual revelations. Utilizing what he calls the "parable effect," and based on his own sources, James Redfield explores the similarities and differences that exist among the world religions, revealing the essential messages contained within them that can energize our experience of spirituality-- and produce a new wave of integrity and reform that can transform our lives and our world.

New Age spiritual popularizer Redfield ruled the best-seller lists in the 1990s with his *Celestine* series of adventure parables, then left readers hanging after *The Secret of Shambhala: In Search of the Eleventh Insight* (1999). He now resurrects searcher Wilson James, known as Wil, and his fellow traveler, the unnamed narrator, just in time to offer a positive spin on the Mayan prophecy for the year 2012. A mysterious "Document" is being released around the world with

instructions on how to use powers of the mind and spirit to elevate world consciousness and usher in not doomsday but, rather, a time of unity and peace. Redfield suggests that current economic crises, religious extremism, and political polarization are signs that we must change our ways. But Wil, the narrator, and a band of neatly diverse seekers (a Jew, a Muslim, a scientist, a few Christians, and a few Native Americans) must attain enlightenment immediately (instant karma, anyone?) in order to stop a band of terrorists from detonating a suitcase nuke. Celestine-heads and others looking for miraculous fables will embrace this hokey yet hopeful spiritual action fantasy.

HIGH-DEMAND BACKSTORY: Redfield's previous books dominated best-seller lists for years, and his return will stoke avid interest. --Donna Seaman --This text refers to the Preloaded Digital Audio Player edition.

James Redfield is an American author, lecturer, screenwriter and film producer.

This is a very interest read. Inspiring. Adventure taleIt is the end book in a series that I think you need to have read(at least the first one) or the reader will be totally lost and not understand things.Observes hidden powers of the mind, body and energy.General themes are: intuition, synchronicity, spirit body travel, auras, spiritual awakening of the human mind, divine guidance, vivid perception experiences and nature lifting human energy and spiritual power.Provides some good food for thought -- contemplative.HIGHLY RECOMMEND

James Redfield's story-telling skills haven't improved in his third novel since *The Celestine Prophecy*. Fortunately, his ability to touch the reader's spirit and inspire our higher selves has not lessened, which makes this thin story a tale worth reading nonetheless.Spiritual/metaphysical content: High. Redfield continues to expand on the nine insights detailed in *The Celestine Prophecy* in 1993. His fourth book builds somewhat on those first nine insights by adding twelve "integrations," which extend a few of the original insights by demonstrating practical applications and illustrations that play out in the story line. The first five integrations Redfield calls the foundation to spiritual consciousness. The remaining seven are the "rise to sacred influence."The first integration is the principle of synchronicity, which plays a large role in *The Twelfth Insight*. The idea is that if you consciously expect synchronicity, and stay in a state of "expectant alertness," events of synchronicity will occur. This spiritual principle rang true for me, along with another of Redfield's favorite quotes from Kant: "Act and be as though how you are dictates that everyone else will be that same way."My take: Redfield's spiritual development has deepened considerably since the nine

insights of The Celestine Prophecy--so much so that many of his integrations will leave his original readers bewildered and wondering how the story line has moved from personal growth to international conspiracy theory. Although I understand and agree with the spiritual evolution of his ideas, does Redfield really believe that 144,000 people must work through the twelve integrations to prevent the Mayan prophecy that the world will end in 2012, or is it merely a convenient plot device? Either way, the story is thinly developed and seems over the top. Despite that, Redfield still delivers soul-felt descriptions of spiritual experience that remind me why I started reading new age fiction in the first place. The thrill of spiritual discovery is still there, and The Twelfth Insight is worth reading just to be reminded of that.

All James Redfield's books that I've read, I've read repeatedly, given copies to people, and loved. I'm not all that sanguine on James Redfield the man, though! Bummer! I would suggest to anybody to read his books though not necessarily to contact him. I find this with a lot of writers as I've noted here. Many people in our world are ungenerous; I know it sounds like the old, "cruel world," adage, but unfortunately, I have found that adage true too many times for my pleasure.

The end of the Mayan Calendar (12/21/2012) heralds the Age of Peace, the time predicted by many religions and spiritual traditions. However, those of doom and gloom seem to be doing their best to create and manifest through fear that this signifies the end of the world. Yes, there may be much more chaos to come if the people of the world believe it is coming and continue to feed this thoughtform, but the opposite is Truth. I can only imagine, and integrate the insights within, what this earthly sojourn would be like if everyone was in joyous anticipation and co-creation of the Peace that is already here now and that is ushering in our Age of Peace. I invite you to unite in this intention with your Love. This book was/is an inspiration for me. It moved me at my very core. The balance of awareness and CHOICE that we all have, and the integrations, have changed me for ever. They have helped me to remember who I am. Thank you!

If you've been on the spiritual path for a while and if you've read Celestine Prophecy by James Redfield, this is the NEXT step for your journey! "Twelfth Insight" by Redfield provides ALL the clues you may have been missing along your journey. Such subtleties as: Why is it that even though I'm on the spiritual path, I'm not able to sustain fully my alignment with Spirit? (Answer: even a "small" untruth can throw off your alignment); How to fully tune into your intuition and get a right "reading"? (Answer: See the action to the end. If there is no uncomfortable feeling taking the action and all is

smooth, go for it!) What is Divine Connection? Why is it that I seem able to reach/communicate with SOME people out of the many thousands, even millions, I meet on my life's journeys? What is MY life purpose, i.e. What am I here to DO? Answers to these and so many others are provided amidst the excitement Redfield provides of escapes from Religious RADICALS (YES, you heard me right: religious RADICALS) from two extreme factions who have joined forces. If you've had doubts, too, about the Mayan Calendar and what is supposed to happen on Dec. 21, 2012, "Twelfth Insight" provides answers. Indeed, the recent events in Egyptian clearly support some of Redfield's insights into the REAL meaning of the Mayan Calendar. The day this book arrived in my mail box was not only synchronous for me, but a GOD send: I needed to read exactly what I was reading at the time I was reading it. That's how uncanny the synchronicity was with me! There are many POWERFUL TRUTHS presented in each of 12 Integrations, as Redfield calls them, and fully REVEAL truths you've sensed but could not confirm. Like I tweeted: "I drank the Redfield KOOLAID and now my thirst for TRUTH is fully quenched....for now" Thank you, James Redfield, for another book of EXCELLENCE AND TRUTH!
