As described

The book was in very poor condition, although was marked as in good.

Needed it for school cheaper and easier than renting it at school

I needed this book for my French 3 class. As a person who has taken 5+ years of French classes this book really helps out a beginner.

Not much different from all the other FR 1 books.

Thanks

I love using this book in my French class. I have learned a lot just in the past three weeks of owning it. I plan on keeping it all the time besides for French class in College.

The downloading process was quick off of kindle and I never had any problems accessing it. The book is easy to read with good practice lessons.
