Customer Reviews

Written to facilitate study in Page Kelley's widely used 'BIBLICAL HEBREW: AN INTRODUCTORY GRAMMAR,' this new handbook provides a simple yet effective format that enables students to quickly resolve their study problems. Filled with helpful information, the handbook will serve to free up valuable class time as well as aid individuals studying Hebrew on their own.

Page H. Kelley (1924-1997) was professor of Old Testament at Southern Baptist Theological Seminary in Louisville, Kentucky. Terry L. Burden is assistant professor of comparative humanities at the University of Louisville. Timothy G. Crawford is dean and professor of Old Testament and Hebrew in the College of Christian Studies, University of Mary Hardin-Baylor, Belton, Texas. --This text refers to an out of print or unavailable edition of this title.

This book is our main text book for Introduction to Hebrew. In one semester, this book has clearly guided us into reading Hebrew. It clearly conveys the important concepts you must obtain to fully

understand the language. Even though I am taking this course at Graduate school, you can easily learn Hebrew on your own. The key for the class is to make sure you do the exercises, and you memorise all the words listed. It takes about thirty minutes a day, but you can speak fluently!

This is not a stand-alone book. It is meant to accompany "Biblical Hebrew: An introductory Grammar" found here:

http://www..com/Handbook-Biblical-Hebrew-Introductory-Grammar/dp/080280828X/ref=sr_1_2?ie=UTF8&qid=1460874091&sr=8-2&keywords=biblical+hebrew+kelly

Presents the necessary tools for reading and understanding Biblical Hebrew. The organization of the information could be improved to facilitate future retrieval by the student trying to find specific information. The reference tables, though very helpful, could be more inclusive of different verbal forms.

The handbook actually has answers so makes learning faster and easier.

This was the text I used to learn Hebrew in seminary. It is a solid text that gets you into reading Biblical Hebrew very quickly. That is one of its greatest strengths. Organized in 31 chapters, at times, this grammar may seem unfriendly to the novice user, but after having used this text for some time, it is easily one of my favorite Hebrew texts. It takes a thorough approach and gives a multitude of Biblical examples to illustrate grammatical principles. This text is somewhat heavy on vocabulary as compared to other Hebrew grammars. Quite often students become bogged down later in their studies of Biblical Hebrew with grammar and let their vocabulary slip. For this reason I highly suggest using *Biblical Hebrew: Vocabulary Made Easy!* in conjunction with this grammar. By doing so the student can easily work ahead in vocabulary and focus on the grammar of Hebrew.

A good sound introduction. All examples are taken from the Bible which is great. Lacks long more complex texts but as an intro it works fine

Excellent reference book for basic Biblical Hebrew studies. Author clearly presents the information. Good review for those already acquainted with the subject.

It is not what I needed. Although it looks like what want having the same cover, yet it has much

fewer pages and content. It appears to be an answer to the main text exercises.
