Customer Reviews

Attention! The cover of this audio book is misleading. I didn't read the description before purchase, and found out two hours in, that only the first two hours summarize Tim Ferriss' Tools of Titans. The rest of the audio book is a self-help compilation by this dude Knight Writer, who clearly engineered the cover of his audio book to dupe people like myself into buying this thing, piggy-backing off of Tim Ferriss' name. All that being said, the two-hour summary of Tools of Titans was great, I plan on buying the book. And even after that, this guy Knight Writer had some genuinely great things to contribute. He seems to know his business, and really care about providing good content. But

because of the misleading image he utilized to get more buys feels kind of gross to me, he gets three stars instead of four. I got hustled. I don't want to go high-five the guy.
