Blood Of The Lost (A Rylee Adamson Novel Book 10)

Synopsis

â œBLOOD OF THE LOST passed my final installment must-have checklist with flying colors; all of this seriesâ™ characters were in attendance (both living & deceased), no stone was left unturned with regards to pending questions, and the do-or-die battle was glorious. Heck, I even liked how the love triangle was settled. The plotting was so clean it squeaked!â • â “Rabid ReadsFrom HiJinks Ink Publishing and Shannon Mayer comes BLOOD OF THE LOST (BOOK 10), the EPIC conclusion to The USA Today Bestselling RYLEE ADAMSON NOVELS. With over 1.5 million books sold, Shannon Mayer proves once again she can dominate her genre right out of the gate."My name is Rylee and I am a Tracker." When children go missing, and the Humans have no leads, I'm the one they call. I am their last hope in bringing home the lost ones. I salvage what they cannot. My final salvage, and this time I must rescue the entire world. Orion has fooled the entire human population with his lies, and they follow him like mindless zombies. They are the lost ones now. I have my allies and my loved ones with me, but while they will fight to their death, it is still not enough. I must seal the Veil closed and send the demons back forever. There is only one thing left for me to do. Face Orion alone. But Orion knows my weakness. And he has stolen her away leaving me with a choice no mother should ever face. Save my daughter . . . or . . . save the world?Get ALL the Rylee Adamson Books now! Customer Reviews

As much as it broke my heart, this was truly a fitting and proper ending for Rylee. I cried and sobbed and wanted to throw my Kindle against the wall, but that's the effectiveness of Shannon's writing; I even told her the night I finished the book, if these had been my characters and story, I'd have done things the same - heartbreaking as it is, because no matter what, as a writer, you have to stay true to your characters. Shannon has always done that, and she's done it til the end with Rylee and her band of misfits. She will always have my respect for that alone. The only thing that took away for me, and not by much, is I felt there were a lot of POV changes. Sometimes it felt unnecessary - I wanted to stay with Rylee, it's always been her story - but at the same time, some of those POV changes really plunged the dagger deeper into my heart and started up the waterworks, even if they were only a couple sentences. They were effective, no doubt. So I suppose I'm more undecided on how I truly feel about all the POV chapters. Things do end on a bit of an open door for Rylee, and what her options are going forward. For certain though she's got her hands full! There was an alternate ending Mayer made available to her newsletter subscribers.... let's just say it did not fit the story or the characters at all. Well, I suppose in its own way it did fit Rylee, but it didn't work for the overall story, and the many threads of the story that were still left to be tied off at that point of the story. So I'm grateful for the chance to have seen what else was kicking around in SM's mind, I'm glad she realized all the reasons why it just wouldn't work for the finished product.

I really loved this series until about book until book 9 and then it all went off in a direction that I just didn't like. Book 10 wrapped things up and to give the author credit she didn't leave any stings hanging. There were some emotional moments and we lost some beloved characters along the

way. The love triangle (which I thought was the worst part of this series and was never believable) wrapped up. There were epic battles (a few too many details IMO) and loads of action. The biggest problem was the new characters and numerous POV changes. The flow of this book just didn't work for me. Books 1-8 were 4 star reads for me but the last two just kind of fizzled.

I held it together pretty well. Then I hit Chapter 47. And I cried. Like. A. Baby. Then I hit Chapter 51, and did it all over again. Then I thought I was all done crying, and I read Chapter 54. Why all the tears? It's hard to see the characters you've grown to be so fond of die. Yes, I said it, and you all know it, and it's not a spoiler. Some of your favorite characters will die in the final epic battle. It's a battle, after all. They can't all live. It's amazing to me how Shannon weaved the storylines together. Not only the stories of the individuals, but the plotlines of Lark and Rylee. I would describe it as "expertly done." That said, the keep-your-readers-hooked subtext of "now that you're finished reading about Rylee, why don't you keep reading about Lark" was hard to shake. My only criticism to the final book. I didn't need the hook to the new series. Rylee's story stood on its own; it didn't really need the hook. But the deftness with which the plotlines were woven together sorta made up for the fact that she did it in the first place. Sorta. The battle was complex and engaging. The revelation of the meaning of, and the fulfillment of, all the prophecies was also well-written and evoking. The ending was beautifully done. It was definitely a fitting end to the series. Thank you for bringing us along for the ride.

If emotions were colors, this book would be a rainbow. A rollercoaster of events from beginning to end. There are all kinds of euphemisms to describe Blood of the Lost, but none of them will ever do justice to the awesome and amazing end of The Rylee Adamson series. Yes, it's sad to see a series that has captured the hearts and imaginations of SO many come to an end.. We've seen Rylee, Alex, Liam and Milly go through everything possible, and be better for it. We've seen new life and deaths of some of the best. We laughed and cried with Rylee and her family, pack, entourage, whatever you want to call her gang of misfits that conquer the evil in the world when no one else could. In this EPIC final battle of good vs evil, we'll go through all the laughter, tears, fears and action of the past 9 books and 5 (?) novellas, all in one book. Like someone said in one of the Rylee Adamson books, If it's not ok, it's not the end. I wholeheartedly believe that to be true. Enjoy reading The Blood Of The Lost. It'll leave you in stitches....in a way, but not necessarily the way you think.

I'm not one to write many reviews but when a book or series grabs me and digs in like this one I

have to tell others! OH. MY.GOD! This book was crazy amazing. From page one I couldn't put it down. It had everything you could want from Riley and her band of misfits in it. Action, love and laughter. I read the other reviews about the crying and was like nah I'll be fine. Not hardly! Shannon out of all the books I have read in my lifetime only 3 made me cry and I can say yours is one. And you know why! Thank you for this look into Riley's world and hope we can see her again. And thank you for sharing it with us. You are truly an amazing storyteller and author.

Well I knew this was the last book for Rylee and her crew. It was a stressful and tearful read for sure. The last Battle against Orion was more costly in the lives of Rylee's crew, friends and allies than I ever anticipated. Shannon Mayer is one heck of a story teller. Emotions all over the place. One minute you think things are going to be ok and next the bottom falls out and your heart is broken. "You died for her." It was a quote by one who loved her. Rylee thanks for your journey it was one heck of an amazing ride!
