# The Nate Temple Supernatural Thriller Series: Books 1-3 (The Nate Temple Supernatural Thriller Series Boxset)

## Synopsis

**\*INCLUDES BOOKS 1-3 AND BONUS NOVELLA\***Over 1700 combined five star reviews. 10000s of copies sold. 10000000+ pages read. Almost 1000 pages of lightning-paced action. The first 4 stories in the series readers are describing as "The new Harry Dresden," or "Deadpool meets Dumbledore."

**OBSIDIAN SON (Book 1)**A city that doesn't believe in magic. A weredragon invasion. Good thing this reckless playboy is a wizard...It's been said that monsters cry when a good man goes to war. But they should run screaming like little school girls when that man is secretly a wizard, and maybe not necessarily good.

**Nate Temple's** all-consuming quest to avenge his parents is temporarily put on hold when shape-shifting dragons invade St. Louis. And perhaps cow-tipping the Minotaur for answers might not have been Nate's smartest opening move, because now every flavor of supernatural thug from our childhood nightmares is gunning for him. Nate learns that the only way to save his city from these creatures is to murder his best friend.

**BLOOD DEBTS (Book 2)**A Wizard, an Angel, and a Horseman of the Apocalypse walk into a bar...The ancient pact between mankind, Heaven, and Hell has been broken. And this upstart wizard's quest for vengeance may have just kicked off Armageddon. So, time for a drink... or maybe two.

Already plagued with sinister night terrors that could qualify him as a card-carrying psychopathic insomniac, Nate can barely even manage to put his pants on in the morning, let alone pick teams for the Apocalypse.

But when he's framed as a demon sympathizer, condemned by the Armies of Heaven, and hunted down by both his allies and the Four Horsemen, this wizard doesn't think it can get any worse.

Then they take away his magic. And a wizard without magic stands no chance against the forces of Heaven and Hell.

**FAIRY TALE (Bonus Novella)**A psychotic ginger vampire. A demonic rooster horse. The Brothers Grimm. A young wizard just trying to buy an old book...Grimm's Fairy Tales is not the collection of innocent bedtime stories Nate assumed, but is instead the keys to a veritable prison housing the most dangerous, bloodthirsty hit men of the supernatural community. And now the gates are open. This young wizard must find a way to lock them back up and hide the book forever before the supernatural community at large gets annihilated...

**GRIMM (Book 3)**The Brothers Grimm - legendary supernatural assassins - have escaped their prison, and their first day in St. Louis could be Nate Temple's last...Sharing a beer with Death - one of the Four Horsemen of the Apocalypse - really put a few things into perspective for this foul-mouthed, billionaire wizard. Like finally strapping on the boots to propose to his girlfriend.

But assassination contracts have a way of putting wedding plans on hold. Perhaps permanently. And with the entire wedding party on the bloodthirsty Grimm's hit-list, and his family fortune in jeopardy, Nate realizes

they can't run and they can't hide. So, time to do magic and stuff. When magic, claws, and teeth dance to the song of war, the only thing left to learn is who lives and who dies. And if Nate can live with the consequences. No wonder a guy is terrified to propose. ## Customer Reviews

If you have Kindle Unlimited, and like Urban Fantasy this series is definitely worth a read. Pros:- The action is intense and interesting- The world building is pretty fun, especially the parts that remind me of Batman- The overall plot/story is very compelling Cons:- There are a lot of plot holes and story threads that don't make much sense if you stop to look too closely- Everything feels rushed. The relationships between characters go from 0-60 in the blink of an eye, in the 2nd book the world

expands into the heavenly realm before we seem to have a grasp on the terrestrial, and there's never really a chance to catch our breath and enjoy spending time with these characters before they rush off to save the day again. I wish the author had done a better job of laying the groundwork of the main characters day to day lives before immediately jumping in to constant fights for the fate of humanity. Overall: If you're a fan of modern urban fantasy this series is definitely worth a read. I had a lot of fun with it, so while I won't claim it's a masterpiece I'm very excited to see where the author takes the series from here.

I am totally in love with this series. I purchased this box set which included Book 1 - Obsidian Son, Book 2 - Blood Debts, Book 3 - Grimm and a bonus novella - Fairy Tale. The main character is Nathin Laurent Temple a bachelor, wealthy, good looking and a wizard. His parents, in the very beginning, own Temple Industries a billion dollar company that Nate wanted no part of. His love of books, especially old books, was his life's joy and he put all his efforts into his own book store "Plato's Cave". BUT when all kinds of nasties and some not so nasty come along including werewolves, vampires, FBI agents, The Academy (Wizard Police), the local St. Louis police department, Grimm Brothers, sprites, Angels and even the Four Horsemen of the Apocalypse turn Nate's life into a complete tail spin. The books are filled with excitement, drama, action packed fighting, friendship, trust and determination by Nate to do the right thing. They also include losses of family, friends, civilian lives, property, wealth and businesses do to evil, hatred, deception, lies and distortions. All in all each book, to me, earns a 5 rating and I can only hope Shayne Silvers will continue to write his heart out, as he has so far, with new books about Nate and his friends. The Nate Temple Supernatural Thriller Series: Books 1-3 (The Nate Temple Supernatural Thriller Series Boxset) by Shayne Silvers is the best box set I have bought in a long time. Obsidian Son (The Temple Chronicles #1) by Shayne Silvers is truly a super awesome book and I stopped midway through the book and bought the rest of the books, yes, it is that good! Plus it is all happening near my home town so of course I will enjoy it more. There is sooo much action, fantasy/magic/shifters/creatures of all kinds that any respecting fantasy lover will adore this book! The wit and smart dialogue will keep you on your toes, there is a mystery or two, a romance or two, and more dragons then you can count. A super woman, a werewolf cop, and a wizard billionaire. Gargoyles, unicorns, and Minotaurs and in the book too. Can't forget them. There is so much and it is soooo fun. LOVED IT!!! Too bad 5 stars is all you can give. Great plot, exciting characters, and

never, ever boring! Blood Debts (The Temple Chronicles #2) by Shayne Silvers is sooo awesome. Nate is some real trouble this time. The wizards take away his powers when he needs it most. Not only the normal crazy creatures of the night are after him but the super crazies are. The angels are after him because they think he killed one of their own. The wizards think this is a good time to off him and he is SOL, until .... well, this isn't a book report. So much action, suspense, snarky come backs, humor, and crazy situations keeps this book going out of control till the reader is giggling and having to much fun to want to see the end. But all good things do come to the end, unfortunately.

Awesome. Grimm: A Novel In The Nate Temple Supernatural Thriller Series (The Temple Chronicles #3) by Shayne Silvers is such an awesome book! So were the others but this one had me worried there for a bit in the book, DON'T DO THAT TO YOUR READERS, SOME HAVE WEAK HEARTS!!! Man, I love these books. On to read the next one...they are soooo freaking addictive. Weres, vamps, Death, Angels, a Minotaur, and fairies, and .... you get the picture. I don't think you really do unless you read the books because they are NOT what you imagine. Not in the least. Come, join the Nate Temple team, we are all strange here but boy do we love it!!!! Fairy Tale: A Novella in The Nate Temple Supernatural Thriller Series (The Temple Chronicles) by Shayne Silvers is a great addition to the series. I read it out of order and it was still great. It is really the prequel to the series. It comes in the box set so read this first. It explains how Nate gets the book store and all the craziness that went along with it. Super exciting story there! Wow! I have read all of Jim Butcher's books and love them but I love these better. Wonderful books!

As satisfying a fantasy as any I've read. Silvers' tale brings current day mortals together with all of the creepy magical characters one could hope for; vampires, werewolves, angels, dragons, sprites. He weaves a web of intrigue like a well-wrought spell. Just the right amount of sex, violence and mystery to keep me coming back again and again for more. Great stories!

First and foremost, I absolutely loved Mr Silvers' snarky writing style full of humour at own characters' expense without being mean or dumb. I enjoyed a story from a male character's POV - seems to happen relatively rarely in the genre these days. Cool literary references were a definite cherry on top, for me. Characters were likeable and interesting to follow. But. What keeps me from giving it 5 stars is the plot. Sometimes it simply didn't make sense, even taking fantasy context into account. In Blood Debts in particular I nearly gave up 2/3 of the way through because what the bad guys were saying and doing to the protagonist simply didn't stack up with their agendas (as stated, or as later discovered). Subsequent books improved from there on, but even so the plot devices can

be a hit and miss in this series. I kept wishing I were a beta reader for Ms Silvers so I could leave notes on the margins to highlight gaps. Glad the start of the series came as a bundle. If I was getting individual books, I'd have given up after Blood Debts. As it is, I am looking forward to the next instalment!
