The Pirate Guidelines: A Book For Those Who Desire To Keep To The Code And Live A Pirate's Life (Pirates Of The Caribbean)

Synopsis

To live the pirate life, it's important to keep to the code (of course real pirates know to treat these rules more like guidelines, anyway.) Contained in this authentic handbook is the Pirate Code, as originally devised by the Brethren Court of pirate lords. Also included are topics detailing everything aspiring buccaneers need to know in order to command the respect of fellow scalawags and pursue their hearts' deepest desires. The Pirates of the Caribbean trilogy of films has created a rich mythology from which to draw the following pearls of wisdom:

- How to Swagger
- Captain Jack Sparrow on Honesty
- What to do When your Compass doesn't Work
- How to Lift an Aztec Curse
- How to Play Liar's Dice
- Elizabeth Swann's Additional Uses for a Wedding Dress
- How to beard your Hair and Beard
- Will Turner's Sword-fighting Tips
- Identifying the Parts of a Ship
- Pirate-to-English Dictionary
- How to ward off the Black Spot

These indispensable tips will prove useful at sea or in port. Filled with the salty humor and lush dialogue from the incredibly popular movie trilogy, *The Pirates of the Caribbean Guidelines* provides instructional and humorous information – practical and nautical – accompanied by captivating full-color images of everyone's favorite pirates.

Book Information

Series: Pirates of the Caribbean

Paperback: 112 pages

Publisher: Disney Editions; Mti edition (May 22, 2007)

Customer Reviews

Made up of the great Pirate Lords, the Brethren Court is a governing council with the power to change or add to the Code. The original Pirate Code was set down at the second meeting of the Brethren Court, which included the pirates Morgan and Bartholomew, and serves as a set of "flexible" guidelines between pirates on the high seas.

This was a fun book, and inexpensive. This was a well researched books on the life of the pirates, and at the same time incorporating the Disney's Pirates of the Caribbean stories and characters. Illustrations were well chosen. Have to confess the tongue in cheek attitude (which made it fun) had me confused if the author was being serious or not. The letters, written by the films' characters were hilarious, especially the ones written by Elizabeth Swann. And I have to give credit for all the information about Pirates and their ideas of the afterlife, mermaids, sirens, Calypso, etc. How these sea dogs came up with their own mythology is amazing, and how they were able to keep mermaids, sirens, huldres, distinct with their own powers and abilities is a hoot. Some great pictures that will keep young readers entertained, but some adults might want to check it out first. When I was in the mood for some light reading, this fit the bill. Does a great job on adding a bit more to the world of the Pirates of the Caribbean. JThreeWilliston ND

I thought the book itself would feel and look old The content is great

Really cool book, also informative of pirate lingo and pirate history

I loved this book - like all Disney related things, it is well written, amusing and an absolute must for any Pirates of the Caribbean fan. It goes way beyond just the "code" (or the guidelines, if you will). If you want to live a pirates life, this is the book for you. Yo ho - now bring me that horizon...

Fanciful technical details provided by Master Gibbs provide a chance to unwind and savor the humor of the alternate reality created by Depp and crew in the POTC sagas. In addition to the "rules" regarding things piratey, we see letters from Elizabeth Swann and various side comments

regarding characters and circumstances familiar to fans. A fun addition to even a modest POTC fan's collection.

By and large a regurgitation of what was said in the movies, only a few extras. Not sure what age-range this is geared to. I don't think kids would be interested in many of the things included, but there's little humor other than the odd movie reference so little to keep the adults amused. Kind of weird.

I thought this would have more of the actual pirate code but it is more tips and letters from Jack Sparrow, Elizabeth Swan, and Will Turner. It does have some interesting sections, for example what seas the Pirate Lords actually control. Overall just not quite what I expected but still an interesting read.

My 7 year old son has been hesitant to learn the joys of reading, but really loves the Pirates movies. This book ended up being a perfect holiday gift. A book that he actually loves reading. Filled with information and pictures, movie lore and historical information. A great publication, done as an extremely high quality publication.
