Got to have school book at home exactly as school was using

I love the format and the combining of Writing with Grammar. Each story begins with the author's background. The students love this text. It also includes mini skill lessons!

My granddaughter home schools and sometimes the online editions wouldn't pull up on the

computer, which would delay her doing the work she needed to complete, so we decided to buy the books to solve that problem. Exactly what we thought they would be and glad we could find it on .

My wife love's it, I ordered it for her so sche can continue Homeschooling our children.

The teacher before me took all of the teachers' manuals with her, so I was in need. I was so excited to find this one at such a great price.
