Customer Reviews

The right book for SAT prep.

My daughter would love this book because Its so very helpful

I scored a 710, I think it was because of this book. Just do all the practice tests, or as many as you can and you're golden. The SAT was almost exactly like the exercises in this book, it's very fortunate. I scored very well, and you can too, as long as you do a few of the practice tests and have a background in analyzing literature.

Every student using this book. I bought for my daughter. She said it is very helpful.
