KALLIS' Redesigned SAT Pattern Strategy + 6 Full Length Practice Tests (College SAT Prep + Study Guide Book For The New SAT) - Second Edition

Synopsis

Achieve your goals on the Redesigned SAT using the dynamic KALLIS' SAT Pattern Strategy. We help you prepare through active engagement. In the pages that follow, you will find a minimum of pages devoted to common sense advice or useless strategies. Instead, you will learn by doing. Nothing builds confidence like practice. We have closely modeled our examples, practices, and 6 full-length tests on the College Board's actual Redesigned SAT questions. Completing the practices and tests in this book will help you approach your SAT test date with a calm sense of knowing exactly what to expect. You have been learning in school for many years. What you need now is a resource that will help you review all that you have learned, so that you can efficiently demonstrate your skills in exactly the way that the SAT demands. The second edition of KALLIS' SAT Pattern Strategy offers you: An analysis of questions you are likely to encounter on the Redesigned SAT. A laser-like focus on each of 100 question topics. 1000+ Practice Questions to help you gauge your understanding. 6 Full-length Tests designed for practice, practice, practice. Concise answer explanations that will not waste your time. Visit our website at www.kallisedu.com for promotions, discounts, and special offers. Customer Reviews

I recently bought Kallis's New SAT study guide to prepare for the upcoming test in March. I have a hard time with math and grammar, but the Kallis's guide did a great job explaining how to approach the problems I found challenging. I've already noticed an improvement on my practice test scores and feel more prepared for the exam. I'm really excited about this awesome book!

I bought this book to help my daughter prepare for her upcoming test. I decided to design lesson plans for her, so it was very important that the guide we work with is well organized, clear and concise. To make sure we had the right guide, I looked at several books before picking Kallis's SAT Pattern Strategy. I eventually chose Kallis's book because it breaks down each question type (101!) and gives useful strategies for each of them. The answer explanations help me clarify concepts that I have a hard time communicating to my daughter.

I have purchased at least 4 SAT practice books, including a book from the College Board, but this practice book is by far the best one. It includes mini-lessons in reading, grammar, writing essays, and math and 6 practice that are similar to the SAT Exam. I would totally recommend this book to everyone who is in help for the SAT.

So good, and really similar to real questions!!! That's great..The quality of question was better than I though.I strongly recommend this book for preparing SAT

After reading review, I had no doubt that this book would be a great addition to my SAT-prep collection. Indeed, the explanations are concrete and complete. Probably I'm being too picky, but I'd love if the book was printed in color. I recommend this book :)

Great SAT preparation book, my daughter like it!

Personally as a high school student i felt like it helped me have a better understanding of the new SAT. Since they changed it I didn't have anything to reference to and this book really helped. It comes with 6 practice tests that you can take to prepare yourself and detailed explanations of

practice questions so you can really understand which questions you got wrong. If you're going to take it soon then i suggest you buy this book to help you study.

This was my first time studying SAT by myself and this book helped me a lot. English is my second language and this book contained detailed explanation which made it easier for me. If you are just studying SAT, i encourage you to get it right now.
