Fantastic book! I am a voice and piano instructor and this is one of the more popular books I use to teach teenagers. Wonderfully comprehensive song list. I only knew about half when I ordered but have enjoyed learning the new ones. The piano arrangements are more for intermediate players, so I don't recommend for beginners. Be aware that this book is NOT edited for language/content, so make sure you read through songs before you introduce them! Here is a list of songs: Home Paradise Stay Run Set Me On Fire I Am Daylight One Thing I Won't Give Up Sweet Disposition Radioactive Just A Kiss Stereo Hearts Skyscraper It Will Rain Titanium The A Team Part Of Me Little Talks Some Nights Next To Me Hall Of Fame Skyfall Girl On Fire (Inferno Version) Just Give

Me A Reason Call Me Maybe I Die Young Traveling Alone Put The Gun Down Royals

This is a great selection, but not if you are more into the Easy Piano stage of playing. This is meant for someone past that point, who would like a bit of a challenge. Which unfortunately isn't me anymore. But the arrangements look lovely and if I had the energy to work on my piano instead of just enjoying, I would have a hard time holding back on these.

gift, granddaughter loved it.

This book has tons of great songs. My hubby played piano in a band therefore he is not beginner or intermediate and has found this to be a great book for him. I recommend this book for those that love popular music.

This book has some great songs and the arrangements are nice. I would say this book is more for the advanced pianist and more on the difficult side. Some songs are easier than others.

This is not really one of my favorite piano books, however it does have some songs which I recognize. I was pleased with the purchase for the price.

This makes playing current songs much easier!
