Who Is George Lucas? (Who Was?)

Synopsis

As a child his passions were comics and cars, but George Lucas grew up to be one of the most successful filmmakers of all time. He is a producer, screenwriter, director and entrepreneur whose company Lucasfilms pioneered the movie effects that changed the world of animation. He founded Industrial Light and Magic, which transformed special sound and visual effects throughout the Hollywood film industry. He is best known, of course, as the creator of the Star Wars movie, television, gaming, toy and merchandise empire, as well as the archeologist-adventure series Indiana Jones. Discover the man behind the magic in Who Is George Lucas?

Pamela Pollack and Meg Belviso have co-authored several children's books, including Who Is J.K. Rowling? and Who Was Steve Jobs?

My son, who is in the 4th grade, used this to write a biography about George Lucas! It was perfect... informative, written at his level, and interesting! I will definitely look for another "Who Is" book when my younger son has to do this same project!

A quick short read but full of interesting details about the man who created the two greatest franchises in cinema history

I learned so much about George Lucas, his family, and his movies. I would defiantly recommend this book for all ages. Though it is an easy read, it is truly a great book.

Bought for niece. Very informative book and easy and enjoyable to read. Love this series.

Excellent book for children who like biographies. My son is a huge Star Wars fan and he loved learning about its creator!

I chose this book for a report and absolutely loved it. I got all the information I needed for the report and more. I would definitely recommend this book.

Fun book for a boy

My grandchildren love the "Who Is" books. But, be careful with some. Michael Jackson book is not appropriate for children to read.
