## Customer Reviews

"As a divorce attorney practicing for thirty-five years in multiple jurisdictions, I have never encountered a publication as helpful as *The Divorce Dance*. As a Certified Financial Planner, mediator, and collaborative divorce professional, Stan Corey has helped hundreds of couples get through the financial crisis of their divorce. Over the last twenty-five years, he has worked cooperatively with mental health professionals and attorneys to gain a complete understanding of the intricacies of the divorce process. -- Albert M. ## Divorce Mediator

The Divorce Dance is an eye-opener. Whether you have previously been through a divorce or not, this book provides valuable insight and an abundance of important information. Through the benefit of his many years of experience as a Certified Financial Planner, and Certified Private Wealth Advisor, Stan Corey prepares us for what we should do and know well before contemplating a divorce. This book is gripping, yet refreshing, as it focuses on managing the divorce process with the goal of retaining financial wellness for a lifetime. As the author of 11 published books, and as a person who has been through divorce, I can tell you that this book is superbly thought out, well written and of incredible value. I highly recommend this book to any man or woman who has ever had the thought of divorce enter their mind. Cindy Chambers National Award Winning Author of "The Beamer Book Series" and "Tell Me Town Books"

This is awesome. Stan has captured the essence of family mediation touching on a wide variety of issues including, property, investments, custody, support along with the emotional ups and downs of the parties involved. It is an easy read and will prove beneficial to anyone going through a divorce as well as for mediators or other divorce practitioners . Well done Stan.

A contrived story about a couple splitting up only to promote the concept of a divorce team of a divorce financial advisor, an attorney and a mediator in divorce. Perhaps some useful information for some, but it felt too much like an infomercial to me.

Fantastic book for both family mediators and anyone going through the divorce process!

Informative and a good read even for those not needing the guidance.

Very helpful

As someone going through a divorce now, I was the one who really needed to read this book. But my mother found it so informative and entertaining that she hijacked my copy! And let me tell you, not all books pass my mother's inspection. I'm looking forward to getting my own copy!

Flows smoothly, while giving the reader great information on how to handle finances during the stressful process of a divorce. the presentation from the woman's of view is refreshing and needed.
