I wanted a hymnal to be able to sit along with the people I visit as a volunteer in a nursing home here in Oklahoma. This has been perfect. The patients love these hymns and know most of them by heart. Though of an advanced age and often bedridden, the patients are so familiar and comfortable with these hymns, and the hymns always leave them with a huge smile.

Quick delivery and great book. We have Retired Senior Volunteer Singing group that perform

weekly at nursing homes and the folks enjoy the songs from this book and another hymn book. They especially enjoy the familiar ones. The music is written in Soprano, Alto, Tenor, Bass and the arrangements are easy to play and sing. The spiral binding makes the book "behave" on the piano so it doesn't need to be held by anyone and there is no page turning required to complete one song. In other words if the song is written on two pages, the two pages face each other. Notes are large which is helpful for older eyes and dim lighting.

I ordered the LARGE size books. We have a Sr. Choir at our church and now they can see the words and music very clearly and it is excellent even if they "forgot" their eye glasses! Everyone is happy with these books. I also received them in "good time!" Took about 3 to 4 days and we were in business. It was a good buy to say the least! (The teens don't want to use the smaller books anymore either, so they borrow ours!)

Well packaged, arrived on time. Item exactly as described. Very happy.

Our choir loves this book. It has a lot of old country songs that we grew up with and several new ones that we are falling in love with. Excellent for little country choir churches.

Being raised on Country Gospel and listening to the old songs brings comfort and personal revival. However, I have forgotten a lot of the words through the years. Country & Western Gospel Hymnal Volume 1 has given to me the words of the songs I cherish and I can sing these songs with a renewed love and joy of years gone by of precious memories. Thank you so much.

Our group sings many out of this group for church,nice harmony.

Got this for my son who is legally blind and plays guitar. The notes and print are large enough he can make them out. The book opens and lays flat nicely for him. The size and spiral binding is what got me to try it and I am glad I did.
