Customer Reviews

Performing the Small Animal Physical Examination www.wiley.com/go/veterinary Performing the Small Animal Physical Examination offers an easy-to-follow guide to successfully executing a thorough physical exam in cats and dogs. With practical tips for ensuring that the exam goes smoothly and facilitates diagnostic and therapeutic recommendations, the book provides a comprehensive manual for examining canine and feline patients in sickness and in health. Nearly 1,000 color photographs demonstrate the individual components of the physical exam and provide picture matching for identification and diagnosis of abnormal findings. Divided into separate sections for the cat and dog, the book tracks the logical progression of an exam beginning with initial observations about the patient and how the patient interacts with the environment. Subsequent chapters cover the in-depth examination of each body system. Performing the Small Animal
