Customer Reviews

I purchased this map new in 2017. I would expect it to be less than 8 years old. It doesn't have the new section of interstate that is being built between Indianapolis and Evansville. I have older paper maps that at least have the propose route. Very disappointing.

The best maps on the market, in my opinion. Great for road trips and very easy to use.

Great map to have for emergency situations or daily use. I haven't used a lot yet but seems to be accurate.

The map of all of Indiana was smaller than I was expecting (I had intended to hang this up on the wall). But the map is very nice, the lamination is a bonus. Plus, there are individual maps of some of the bigger cities in Indiana.

I love these foldable laminated maps. I own maps for at least 10 states and continue to add to my collection as needed.

Map is easy to write on with a non-permanent marker

This map is perfect. I don't know if I'll use it much since these days we have GPS on our phones, but better to be safe than to be sorry if you're lost with no reception.

Really good quality map - will have this forever.
