## Customer Reviews

We have all heard of old wives tales so the note from the author, Tattie Maggard, caught my attention. I had never heard of stopping the bleeding or that it might be a gift from God. I now had to read the book and it was so enjoyable. The characters were so real and everything from the happenings to the surroundings was so descriptive. This book offers so much to the reader from mystery, to thriller to romance. I love how we get to watch the main character, Addie, transform from a typical teenager to a really caring and loving young lady. Can't wait to read more about her

journey with God and how He impacts her life. Also can't wait to see what happens between her and Terrel. This book is a page turner and can be read in small snippets or in one sitting!

I loved reading this book, it kept me engrossed from the beginning and I couldn't put it down until I finished the book. This story about a teenage girl with a special gift is fascinating. I recommend this book to anyone. I will be reading all of this authors books.

I really enjoy this author's writing. She obviously has a love for the craft and I expect she will be an best seller. If the description of the book interests you, I am sure you will love it.
