Customer Reviews

I recently traveled to Japan and this book came in super handy. My girlfriend and I were able to do 10 things of the list and we're so glad we had this book because they were things we would have never even thought of ourselves. Of course a lot of the things listed in the book is stuff you can easily find of some itinerary from google, but in terms of the more obscured cultural things this book came in handy. My favorite things were the non touristy stuff they listed. I had such an amazing time in Japan. I love their people and their culture, especially the food. They have the best toilets in the world. Coming back to America felt like coming back to a third world country. I loved how everyone we met during our travels told us they would pray for us because of Donald Trump. I honestly would consider living in Japan if Trump keeps doing all the dumb stuff he's been doing.

Hello , Welcome to my review! I hope you find the information useful and enjoy the read. Let's get into it!
101 Awesome Things You Must Do In Japan: Japan Travel Guide To The Land Of The Rising Sun. The True Travel Guide from a True Traveler. All You Need To Know About Japan. Kindle Edition by James Hall (Author)
I purchased the kindle edition because it's easy to read on the go from my kindle app which can be used on iOS or Android. The 101 things are really easy to read they are not numbered but each thing is in a paragraph and has a title of what the adventure will be about. example visit a ghost island and then he goes into detail about a ghost island that he recommends. There are no pictures but you can easily google to get more in-depth information about each idea he offers. highly recommend for a quick guide. Good luck and thanks again! Just my two cents :) -Stay fit, Stay Healthy, Stay Happy!

There is quite a bit of good information in this little guide, but I was disappointed there were not pictures. The cover is so colorful, I just figured the guide would be also. I am a picture person, and I like seeing the things described. If you don't mind doing your own research, and matching up the info, it's a good guide.

Easy to read and covers a nice range of "to-do" stuff to visit while in Japan. I'm from there and the places recommended in the book are up to date and accurate. There are many well known historical sites and not so known as well, along with shopping, nightlife, dining & relaxation spots to name a few. I think that a traveler coming to Japan for the first time and wondering where to go next will find this guide helpful.

I like it

The tips are all available at even a cursory look online. Almost no content. One paragraph per page.

Great to have.. A lot of info included

This thin booklet is simple, lack of information and pricey. I finished reading the whole booklet in about ten minutes and did not find anything new. The booklet is cheaply printed and is only for a quick reading. I do not recommend anybody to invest about \$10 on this book. DO NOT WORTH IT!
