Customer Reviews

For the price, this booklet is a home run. The title is 101 tips and that is exactly what you get. Some you may like, some you may not care for, but the value at a few cents per tip is there. Straightforward, nothing shorted, nothing extra; just the tips.

Pretty much useless for anyone the least bit familiar with pipe smoking. Some of the tips are downright idiotic. Good thing the book is cheap!

So, whether you are a novice or an experienced piper, this little gem will add to your understanding and enjoyment of your passion

Cant go wrong for your money. Some good, some penny pinching, some OMG. All entertaining.If you use the pipe, you want this in your collection.

At least for me, a quite novel pipe smoker, no more than 10 of the 101 "hints" were usefull or unknown.

Even as a person who has been smoking a pipe for a few years now I found that these tips where pretty great. I may not try one or two of them, but the salt cleaner is definitely on my list to try out.
