# Discourses And Selected Writings (Penguin Classics)

## Synopsis

A new translation of the influential teachings of the great Stoic philosopher **DESPITE BEING BORN** into slavery, Greco-Roman philosopher Epictetus became one of the most influential thinkers of his time. *Discourses and Selected Writings* is a transcribed collection of informal lectures given by the philosopher around AD 108. A gateway into the life and mind of a great intellectual, it is also an important example of the usage of Koine or "common" Greek, an ancestor to Standard Modern Greek.

## Customer Reviews

Epictetus (c. 55-135 AD) was a teacher and Greco-Roman philosopher. Originally a slave from Hierapolis in Anatolia (modern Turkey), he was owned for a time by a prominent freedman at the court of the emperor Nero. After gaining his freedom he moved to Nicopolis on the Adriatic coast of Greece and opened a school of philosophy there. His informal lectures (the *Discourses*) were transcribed and published by his student Arrian, who also composed a digest of Epictetus' teaching known as the *Manual* (or *Enchiridion*).

This was part of a core "library" that I've given each of my children as they go off to college. They may not read it this week or this year, but someday it might provide valuable perspective, as it has me.

big fan. I strongly suggest any penguin book.

Penguin Classics editions are my favorites for all sorts of works. Always an intelligent introduction and lots of good footnotes and sometimes some well received supplemental materials.

Well translated, clear, relevant and highly readable.

Life changing. I carry it with me everywhere.

Great translation

This book has a myriad of ways to handle life and perceive life. His teachings were keen and so thoughtful. You do not have to agree with everything he espouses, but there are many morsels out there that can make you think and give you assistance in this sojourn called life.

Very satisfied with the product and delivery of the product.
