Customer Reviews

My wife and I love to eat in Thai restaurants, with Indian cuisine coming in a close second. But where we live in rural Southwest Missouri, the nearest such culinary oasis is almost 30 miles away, across the western border in Kansas... But with 10 Awesome Vegan Thai Curry Recipes in hand, we can easily create all our favorite dishes at home. I just wish it was 100 recipes instead of 10!

For any person with little knowledge of Thai cuisine this book simply set down for ease of delivery. My first attempt was very tasty and colourful, with compliments to the chef! Great on the digestion too. I have included this book as one of my favourites.

Easy and good. Kind of home style cooking and without a bunch of hard to find ingredients. For the price it's worth it to have on your kindle or ipad. I am back to purchase another vegan cookbook by this author.

Good book with nice recipes.

The recipes in this book are easy to make and full of flavor. If you do not like some of the ingredients they use, you can switch out for other vegetables.

Yum, this is a great little cookbook! We love Thai curry dishes!

I recently went vegan and have been looking for tasty recipes. This book fits the bill. It only has 10 recipes, but, at \$.99, the price is right. I have already cooked several receipts from this book.

It's a good book use it once or twice a week the family all enjoy eating the curry I make
