Â This is a colorful and fun devotional journal for kids with lots of activities to keep kids engaged and interacting with the information presented. Lots of scripture is referenced throughout, but never

quoted. Not a bad thing, but FYI, extra Bible is required.

My six year old loves this devotional. It is practical, full of activities and good content. She reads the Scriptures and works on the activities. She loves it!

Though it is written for children and very engaging with fun activities, I bought it for my ESL Bible study students hoping that the easier English would work for them

great

My kids have enjoyed this book.

I got this for my son. He enjoys the activities in the book. Each daily activity is not very long so it's perfect for keeping a kid's attention. It is well organized and I like the way the book is set up.

I purchased this for my eight year old granddaughter for her baptism. It is an easily accessible book for children beginning a practice of devotionals and further exploring their faith.

wonderful way to inspire young Christians
